

Mama Mia Carlene

Mama Mia

All sing

I've been cheated by you since I don't know when
So I made up my mind it must come to an end
Look at me now, will I ever learn
I don't know how, but I suddenly lose control
There's a fire within my soul
Just one look and I can hear a bell ring
One more look and I forget everything oh oh
Mama Mia here I go again,
My my how can I resist you
Mama Mia does it show again
My my just how much I've missed you.
Yes I've been broken hearted
Blue since the day we parted
Why why did I ever let you go.

The way that you kiss goodnight

Men

[Way that you kiss me goodnight]

The way that you hold me tight

Men

[Way that you hold me tight]

I feel that I want to sing, when you do your thing

Lay all your Love

Men

I wasn't jealous before we met

Now every man that I see is a potential threat

And I'm possessive, it isn't nice

You've heard me saying that smoking was my only vice

But now it isn't true, now everything is new

Girls

[ooooo]

And all I've learned is overturned I beg of you

All

Don't go wasting your emotion

Lay all your love on me

Don't go sharing your devotion

Lay all your love on me

Angel Eyes

Girls

Last night I was taking a walk along the river

And I saw him together with a young girl

And the look that he gave her made me shiver

Cause he always used to look at me that way
And I thought maybe I should walk right up to her and
say.

Ah It's a game he likes to play
Look into his angel eyes, one look and you're
hypnotized

He'll take your heart and you must pay the price.
Look into his angel eyes, you'll think you're in paradise
And one day you'll find out he wears a disguise
Don't look too deep into those angel eyes
Oh no no no

Our Last Summer

Solo Sara Tudman

The summer air was soft and warm,
The feeling right the Paris night
Did its best to please us.
And strolling down the Elysses
We had a drink in each café

Solo Steve Carley

And you, you talked of politics, philosophy
And smiled like the Mona Lisa

Duet Sara and Steve

We had our chance, it was a fine and true romance

All

I can still recall, our last summer, I still see it all
Walks along the Seine, laughing in the rain
Our last summer, mem'ries that remain
Paris restaurants, our last summer, morning croissants
Living for the day, worries far away,
Our last summer, we could laugh and play.

Voulez Vous

People everywhere, a sense of expectation hanging in the air.

Giving out a spark, across the room your eyes are glowing in the dark

And here we go again, we know the start we know the end, masters of the scene

We've done it all before and now we're back to get some more, you know what I mean.

Voulez vous, ah ha, take it now or leave it,

Now is all we get, nothing promised no regrets

Voulez vous, ah ha, ain't no big decision

You know what to do, la question c'est voulez vous

Voulez vous

Take a chance

If you change your mind, I'm the first in line

Honey I'm still free, take a chance on me

If you need me let me know, gonna be around

If you've got no place to go, if you're feeling down

If you're all alone, when the pretty bird has flown[Take a chance, take a chance, take a chance]

Honey I'm still free take a chance on me.

Gonna do my very best, and it ain't no lie

If you put me to the test, if you let me try.

Take a chance on me

Take a chance on me

Does your mother know

Solo Jade

You're so hot, teasing me,

So you're blue but I can't take a chance on a kid like you

It's something I couldn't do

Solo Mims

There's that look in your eyes
I can see in your face that your feelings are driving you
wild.

Ah but boy, you're only a child

All

Well I could dance with you honey, If you think it's funny
Does your mother know that you're out.

And I could chat with you baby, flirt a little maybe

Does your mother know that you're out.
